

## Share Content on Twitter

From the Dashboard:

1. Select the icon that includes the content you wish to share.

2. Click the radio button by the title.

3. Select the 'Twitter' icon in the Share box on the right.

4. Enter your Twitter username and password and Tweet.

<input type="text" value="Phone, email or username"/>	<input type="button" value="Sign in and Tweet"/>
<input type="password" value="Password"/>	

5. A link to your content will appear on your Twitter page. When the link is clicked an image of it will be displayed.
