

Change Templates in Content Module

From the Dashboard:

1. Select 'Options' in the header.

2. Choose 'App Buttons'.
3. Find the button you wish to change. The active templates will be displayed.

To remove templates:

4. Click 'Remove'. [Modify](#) [Remove \(2\)](#) | [Add More Templates](#)
5. Check the box or boxes by the template(s) you wish to remove.

6. Click 'Remove'.

To add templates:

1. Choose 'Add More Templates'. [Modify](#) | [Remove](#) [Add More Templates](#)
2. Check the box or boxes by the template(s) you wish to add.

3. Click 'Add'.
