

## Add More Templates to Content Module

Note: Each content module comes with a blank template.

From the Dashboard:

1. Choose the icon for which you would like to add more templates.
2. Select 'Create' on the right. 
3. Click 'Add More Templates' on the upper right. [Add More Templates](#)
4. Scroll through the template images in the pop up window.

5. Check one or more boxes on the upper left of the template(s) you would like to add.

6. Click 'Add'  and the templates will be included for you to use.
