

## Display/Hide Calendar Button

Note: The Calendar button is set to display on your App by default.

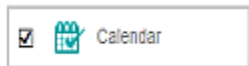

From the Dashboard:

**To display** the Calendar:

1. Select 'Options' in the header.

2. Choose 'App Buttons'.
3. Make sure the box by the name you have chosen for Calendar is checked.

4. A 'Calendar' button will display on your App and when clicked a calendar with your events will appear.

**To disable** the 'Calendar' button:

1. Follow steps 1 & 2 above.

2. Uncheck the box by 'Calendar'.
3. When this box is not checked, your 'Calendar' button will not appear on your App.
