

Change Bulletin Order

Note: This feature allows you to control the order in which bulletins are displayed on the App.

From the Dashboard or Menu:

1. Select 'Bulletins'.

2. Select 'Bulletin Order' on the right.

3. You may change the order a bulletin displays by entering a number next to the bulletin you would like to have appear first. For top priority you would enter 1 and adjust the remaining order numbers accordingly.

Bulletin Name	Order Number
MissingPerson	2
Missing At Risk	8
MissingPerson	10

4. When you are satisfied, select 'Update'.
