

Change Image Order

Note: Changing the image order numbers allows you to control the order in which images display on the App.

1. Check the box by the image whose order you would like to change.

2. Select 'Edit Order Number' at the bottom of the page.

3. Enter your preferred image order number. Note: The program allows you to use decimals (1.1, 1.2, etc.) between numbers so you can insert up to 9 images between two existing image numbers.

Enter Image Order Number:

4. Click 'Update'.
5. Select 'Go to Dashboard'.
