

Push Content

Note: When content is pushed, an alert will sound on the user's smart device with a notification that directs them to your App to view the content of the push.

From the Dashboard:

1. Select the icon that includes the content you wish to push.
2. Select the radio button by the title.

Bulletin Image	Select	Bulletin Name
	<input checked="" type="radio"/>	<u>Missing Person 4-19-13</u>

Note: You may only push

published content.

3. Select 'Push Notification' on the right.

4. You may add a note.

*Notification:

You have 215 characters left. (Max Characters 250)
