Share Update on Twitter

From the Dashboard or Menu:

1. Select 'Updates'.

2. Click the radio button by the update you would like to share.

3. Select the 'Twitter' icon in the Share box on the right.

4. Enter your Twitter username and password.

5. Select 'Tweet'.

6. A link to your update will appear on your Twitter page.

7. When the link is clicked an image of your update will be displayed.
