Change Directory Button Order

Note: This feature allows you to control the order in which buttons are displayed in the SmartConnect directory on the App.

From the Dashboard:

1. Select the icon you chose for your SmartConnect directory.
2. Click the 'By Custom Order' radio button on the upper right.

   App Display Order:
   ○ By Date ◉ By Custom Order

3. Select 'Change Order'.   Change Order
4. A window will open with all your button names listed.

🛶	Custodian
911	911
🔥	Fire

5. Drag and drop the buttons to the desired position.
6. When you are satisfied, select 'Update' Update and your buttons will display in your app's directory in the order chosen. Note: The order does not change on the management screen.
